## — Calacatta Sky

Calacatta Sky pays tribute to timeless beauty. Pieces that showcase exquisite nuances with seemingly random yet extraordinarily harmonious veins that create projects brimming with charisma.

Calacatta Sky rinde homenaje a la belleza atemporal, piezas que presentan exquisitos matices, vetas aparentemente aleatorias, pero extraordinariamente armoniosas que crean proyectos con magnetismo.

**Inspired by the design of nature itself, this polished porcelain marble is full of directional veins that let space flow.**

**In matte, though, it's palpable as the dark veins have penetrated over time, giving it a slight reflection.**

**It's available in polished and matte in 60x120 and 20x120 formats and in three colours: pearl, grey and blue.**

Inspirado en el propio diseño de la naturaleza, este mármol porcelánico pulido está lleno de vetas direccionales que dejan fluir el espacio.

En cambio, en mate, es palpable como las vetas oscuras han penetrado por el paso del tiempo aportándole un ligero reflejo.

Disponible en pulido y mate en estos dos formatos, 60x120 y 20x120, y en tres colores: pearl, grey y blue.
